Discover surprisingly simple ways to reorganize every room, surface and storage area in your home.

Make better use of space and avoid the clutter that complicates your life.

Find out how easy it is with the room-by-room guide including practical tips on maintenance, organization cleaning, prioritizing and more!

### Simplify your life when you...

- Rediscover the room in your home that holds the key to banishing clutter (pg. 217).
- Follow these helpful hints on deciding what goes and what stays (pg. 19).
- Learn this simple tip to free up valuable shelf and closet space (pg 31).
- Follow these time and money-saving tips that will speed up your trip to the mall (pg 45).
- Free up your weekends by following the strategy on pg. 287.
- Master the "divide and conquer" rule on pg. 194 that will help you organize any room or chore.
- Use the replacement principle to weed out over-sized collections (pg. 29).
- Understand how your walls can help your house—besides holding up the roof (pg. 120).
